

ACA MANAGEMENT SOLUTION

Proactively manage ACA compliance across you entire workforce

When it comes to ACA administration, spreadsheets, home-grown reports, and manual calculations will do little to simplify a highly complex process with potentially significant financial consequences. Instead, organizations like yours need integrated human capital management tools that provide complete automation and high-quality information for driving cost-effective labor decisions and minimizing ACA compliance risk. The good news is that we have these tools ready for you with our ACA management solution.

Our ACA management module provides proactive management of your ACA compliance strategy across your entire workforce. It gives you the tools to effectively manage regular- and variable-hour employees' benefit compliance, along with applicable reporting and a simple year-end process. It's ACA compliance made easy!

Get comprehensive ACA status visibility

With our ACA management solution, you can access both real-time and historical detail on ACA status measurements for your company as a whole as well as for individual employees. Management dashboards provide consolidated views of regular- and variable-hour labor pools and the ability to drill down into views for each employee. View any employee's current status or historical status by month with the ACA Timeline view.

KEY BENEFITS

- » **AUTOMATE EMPLOYEE HOURS** tracking against set measurement periods
- » **REAL-TIME REPORTING** provides anytime monitoring of employee's ACA status
- » **STREAMLINE BENEFITS ENROLLMENT** with automatic enrollment notifications
- » **ACCURATELY COMPLETE AND FINALIZE** forms to submit to the IRS

The ACA Compliance Overview shows — at a glance — your total number of employees by month, how many of those employees are part time, and how many part-time employees are approaching full-time status.

Automate ACA strategy enforcement

Our ACA management solution lets you proactively manage your ACA compliance strategies and policies. Compliance alerts notify managers when an employee's status changes to full time or part time, when an employee is approaching eligibility, and when an employee has scheduled hours that would put him or her over the eligibility limit. Alerts can also be sent to employees to notify them that they are eligible for benefits. Additional rules can help you enforce schedules and maintain your preferred full-time/part-time employee mix.

Closed-loop ACA process administration

Our ACA management solution is the only human capital management suite that delivers the power of a platform unified for HR/benefits administration, time and attendance, and payroll. With a single record for each employee, you can streamline and automate the benefits enrollment process as they reach eligibility. Eligibility notifications can be sent to employees with links to automate the enrollment process via simplified self-service features.

Simplified year-end process for IRS filing

With our human capital management solution, organizations follow a simple year-end process to complete and finalize the IRS forms. Accurately completing the forms is a breeze with the auto-populate button that directly pulls required employee data into each form. What's more, our solution is directly linked with the IRS to ensure the forms in the system are up to date and formatted to the specific AIR submission file specifications.

Our solution takes the administrative headache out of ACA compliance through automated hours tracking, benefit enrollment, notifications, reporting, and completing and finalizing the forms. So when it comes time to file with the IRS, organizations can be confident that the forms are accurate, complete, and ready to submit.

The screenshot displays the 'Edit Employee' page for Bob Brooks (94). The 'ACA Reporting' tab is active, showing the 'ACA Timeline' and 'ACA Summary' sections.

ACA Timeline: A table showing ACA data from August 2017 to February 2018. The 'Hours' row shows values: 117.00, 78.75, 120.00, 166.00, 194.50, 125.25, 30.00. The 'Month Status' row shows: PT, PT, PT, FT, FT, PT, PT. The 'ACA Status' row shows: PT, PT, PT, FT, FT, -, -. The 'Affordable Plan Offered' and 'Minimum Value Plan Offered' rows show 'Yes' for all months. The 'Compliance Alert' row shows 'No' for all months. The 'Approaching ACA FT' row shows '-' for all months except January 2018, which is 'Yes'. The 'Possible Downgrade' row shows '-' for all months except November 2017 and December 2017, which are 'Yes'. The '1095-C Line 14 Codes (Series 1)' row shows '1B' for all months.

ACA Timeline Exceptions: A section for 'CALCULATED MONTHLY HOURS' with a table for 'START' and 'END' dates. The 'START' date is 01/01/2017. There is one row with 'X' in the first column and '1' in the 'ADD ROWS' button.

ACA Summary: A table for 'FEB 18' showing ACA data for the current month. The 'Current ACA Status' is 'N/A'. The 'Current Measurement Period End Date' is 'April 2018'. The 'Current Measurement Period Average Hours Per Month' is '161'. The 'Projected Change in Status' is 'No Change'. The 'Current Benefit Plan' is 'Dental: Dental EE + Family / Cigna PPO: Cigna PPO Family'. The 'Waived Benefit Plan' is '-'. The 'Compliance Alert' is 'No'.

In the ACA Timeline view, you can drill down to see each employee's status for the ACA Measurement, Administration, and Stability periods.
