

OUR HCM SOLUTION AND INDEED

Connect Seamlessly with the #1 Job Site in the World ¹

Promote jobs, Attract Applicants, and Hire Fast

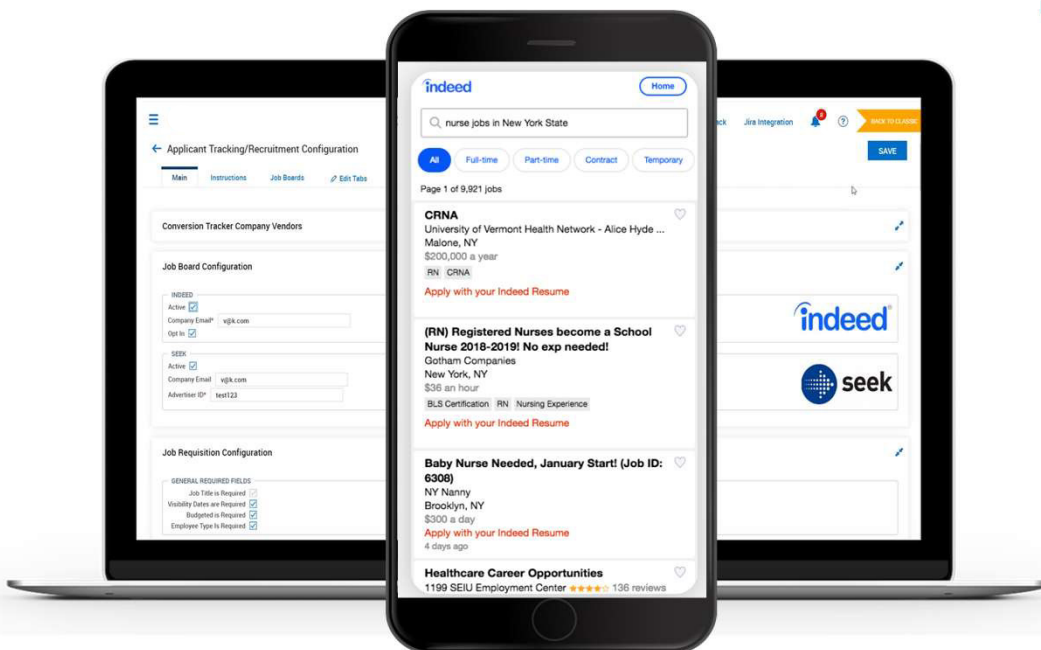

Promoting open positions through the right channels is critical to both filling them in a timely manner and reaching best-fit applicants. But it takes even more to have a truly engaging and efficient applicant experience. For that, you need best-in-class job sites like Indeed to flow seamlessly into your applicant tracking and candidate evaluation processes. Fortunately, that's where we can help.

Talent Acquisition lets you easily promote jobs out to and bring applicants in from Indeed for free. Through our integration, your jobs will automatically post out to Indeed and applications received will flow back into our HCM Solution. The integration also lets you leverage Indeed Apply so applicants can not only find your jobs but start the application process natively in Indeed for a quick, painless experience.

The partnership also comes with a host of other advantages, such as your hiring pipeline data helping target job promotions in Indeed and full mobile access for applicants at any stage in the process.
